Hope for the Child, founded in 2007, is a non-profit organization based in Minneapolis, Minnesota. The goal of Hope for the Child is to foster the education, growth, development, and eventually societal leadership of orphans or otherwise disadvantaged children in Kisumu, Kenya and surrounding communities.

***Arise N' Shine Academy***

Our first project, Arise N' Shine Academy, has been developed and is currently a nursery school, daycare, and first grade facility serving 120 disadvantaged and/or orphaned children in Kisumu.

***Project Mtoto Village***

Our concurrent initiative, Project Mtoto, aims to provide a home, a school, a water-well, library and farming land that will not only serve the children at Project Mtoto, but the community at large.

***Asembo Water Well***

Additionally, we are working diligently to provide a water well for the destitute villagers of Asembo who have sincerely and urgently requested our help.
